Coalesse® Launches the Millbrae collection at NeoCon 2011
An extensive lounge collection inspired by the Metro Legacy

San Francisco, CA -- Coalesse, the leader in live/work furnishings, is pleased to pay homage to one of its legacy brands with the introduction of Millbrae – a comprehensive collection of lounge seating and occasional tables. Inspired by the mid-century designs of the Metro Furniture brand, Coalesse updated the collection for today’s live/work environments. Millbrae offers both residential and contract sensibilities through a series of lifestyle and contract lounges, and coordinating tables. It fits effortlessly in lobby, lounge and residential settings. Both lounges are composed of simple architectural forms.

“We’ve added modern elements to the original Metro blueprint to create a new timeless collection for the Coalesse lounge portfolio,” said Coalesse Creative Director.

The Millbrae lifestyle lounge is generously proportioned with plush cushions featuring an elegant cross stitch tufting detail. It offers a softer sit and a more lean-back posture not usually seen in contract pieces. The lifestyle lounge is available in 1, 2, and 3 seat options.

The Millbrae contract lounge features paneled, quilted cushions that allude to classic tufted upholstery. It offers a firmer, more upright sit than its lifestyle lounge counterpart and provides durability to accommodate almost any contract setting. The contract lounge is available in 1, 2, 3 and 4 seat options. Handed armed benches allow for the creation of an 8 seat sofa for large scale waiting areas.

Millbrae occasional tables complement the lounge seating offering with a coordinating steel frame available in brushed nickel or black gloss powder coated finishes. They come in various sizes in square and rectangle shapes, and the tops are available in 10 glass colors and ubatuba granite. The beautiful table structure creates a stunning visual as a stand-alone piece.
